January 2023 News/Updates for Inpatient Providers

Detailed information for the following can be found on your Learning Home Dashboard ~ in the “What’s New for Inpatient” section

- **Excuse Notes**

Use the **Communications Activity** to write and send or print a work or school excuse note.

- **Sharing your Patient Lists**

If another user works with your patients on a regular basis, share your My Patients list to give them quicker access to the patients you're following. For example, you might share your list with a student, resident, or social worker. Shared lists will then automatically appear in the other users' Shared Patient Lists folder.

- **Patient lists - Pressure Injury upon Admit**

A new column is available for your view in Patient Lists – “Pressure Injury upon Admit.” See the tipsheet for how to add this column to your view.

- **Power User Training Schedule**
