March 2023 News/Updates for Inpatient Providers

Detailed information for the following can be found on your Learning Home Dashboard ~ in the "What's New for Inpatient" section

- ## Hyperdrive Rollout
  Coming March 28, you will notice a few changes to the look and feel of Epic. Check out the slide deck detailing these changes

- ## Analytics Catalog
  March 28 - The Analytics Catalog is replacing the My Reports & Library. The Analytics Catalog will be your one-stop shop for reporting content, including reports, dashboards, and SlicerDicer data models and saved sessions

- ## Share Discharge Summary
  To make the discharge process more efficient you can prepare the Discharge Summary ahead of time, share it, then update it during the patient's stay, or at time of Discharge. Other providers will also have access to the note to make changes or finalize.

- ## Problem List Reconciliation
  Problem List reconciliation is required for all patients under our care in the hospital setting. A thorough reconciliation ensures safe care for our patients. Tools are available in Epic to assist with this process once the patient is admitted.

- ## Discharge Workflow
  A refresher on the Discharge workflow and other highlights.

- ## Update from Lab
  Updated titratable Critical Care Infusion Medications – for general ICU units across CHS
