

# BULLETIN

## April 2023 News/Updates for Inpatient Providers

- **Updates from Pharmacy**

- Chlorhexidine for Prophylaxis of Ventilator Associated Pneumonia
- IV Heparin stop date view change.
- Adult TPN standard hang time
- IV Push Cephalosporins

- **US Pelvic non-obstetric with transvaginal combination order**

The ultrasound imaging order of **Ultrasound pelvic non-obstetric with transvaginal** has been added to the IP and OP Imaging Facility Preference lists. This order combines the US Pelvic Non-OB order and the US Transvaginal Non-OB imaging order and eliminates the need to place the orders individually.

- **LDAs on the AVS**

All LDAs (Lines, Drains, Airways, Wounds) will be available on the AVS (After Visit Summary) printed for the patient upon discharge.

- **Power User sessions**

Hour-long webinars | Free for all providers | Earn CME credits
