## October 2023 News/Updates for Inpatient Providers

- **Get to know your Sidebar Summary Reports**

Take a few minutes to familiarize yourself with your Sidebar Summary. Quickly find your Patient's Current Meds, Diet Orders, I&Os and Results, and more.

- **Clinic Administered Medications**

Avoid mis-using the Clinic Administered Medications category when placing orders during Discharge. See the tipsheet for the difference between Inpatient, Outpatient, and Clinic Administered orders.

- **Substance Use Disorder Clearview Consult Order**

The order for Inpatient Consult to Behavioral Health has been renamed to Substance Use Disorder Consultation, and includes an Inpatient Ancillary Consult to Social Work.

- **IV Saline Flush**

In order to facilitate better documentation of saline flushes the orders have been updated to include a q shift scheduled saline flush for peripheral IVs

- **Physician SmartUser (formerly Power User)**
