

BULLETIN

December 2023 News/Updates for Inpatient Providers

- **Thrombophilia Testing**

A second sign Workflow has been approved for thrombophilia labs to avoid unnecessary testing. Once an order for any of these labs are placed, a second signature will be required before becoming active. (see list on info sheet)

- **New Resident Workflow for signing in to Epic**

To correct the issues related to authorizing provider and billing when residents are signing orders, some changes have been applied to resident workflows.

- **Modifying Signed and Held Orders (surgery edition)**

To modify Signed and Held orders, for example, when a patient's surgical visit needs to be changed from inpatient to outpatient visit, you will need to discontinue and/or modify the Admission order and other related orders.

- **Physician SmartUser (formerly Power User)**

Hour-long webinars | **Free** for all providers | Earn CME credits

Learn more about how Epic works in order to become **more efficient**. Or take on a role helping or coaching your colleagues in their department or organization become more efficient.
