

November 2024 News/Updates for Inpatient Providers

- **Epic Upgrade ~ November 13**

Epic upgrade is scheduled for November 13 –upgrade slides and information have been posted on your Learning Home Dashboard.

Also available for this upgrade is “What’s New” – a Tailored Upgrade Training Experience that gives each individual information on the changes that matter most to them - by including what is relevant based on what you do in Epic every day.

- **Discharge Order / Order Set**

The Order for Inpatient discharge has been moved into the CHS Discharge to Home order set. This is to help ensure all policy requirements are met. This has not changed for procedural workflows.

- **Adding a Patient to Treatment Team – a Refresher**

There are several ways to add a patient to a Provider Treatment Team. See tip sheet for options.

- **Referral Entry**

The referral entry screen has been revamped to streamline the workflow and assist with accuracy of the referrals.

- **Inpatient Management of Opioid Withdrawal**

Coming December 3 – Review the policy and algorithm - Identify medication strategies for the care of patients experiencing mild or persistent opioid withdrawal symptoms who are admitted (observation or inpatient) to an acute care site within Catholic Health System.

- **Epic SmartUser Classes**

Free Epic efficiency classes with CME for any CHS provider! Learn efficiency tips for being your best in Epic. Class schedules are available at <https://efficiency.epic.com>

Detailed information for all the above can be found on your Learning Home Dashboard ~ in the “What’s New for Inpatient” section
