## August 2025 News/Updates for Inpatient Providers

- IR Consult now available**

Interventional Radiology Consult Orders now available – for Inpatients and ED patients – see the tipsheet for more information

- APP~Billing Providers**

During Charge Capture, the system will now default the login Provider as the billing provider. (default was previously supervising provider)

- Notify Me Results**

You can set an alert to notify you of results from orders such as labs or imaging

- Results Review Refresher**

Results Review is your one-stop shop for catching up on patients' lab results – see the tipsheet and video on your Learning Home

Detailed information for all the above can be found on your Learning Home Dashboard
